Good Morning Marcie,

I am interested in helping improve our park on the Rec Commission. My mother was the recreation director for many years in the small town I grew up in, and it was/is hugely successful.

I am passionate about improving the quality of all our kids childhoods and believe I could be an asset in improving our basic park infrastructure.

I have a construction background, CDL, heavy equipment operation, as well as running my own business for many years. I am well-practiced in planning, delegating, and seeing projects through to completion.

Our park has huge potential, with some creative expansion of funding and proper utilization of our great volunteer network, we could really maximize our impacts.

My biggest conflict would be Monday evenings but am otherwise reasonably available.

I look forward to hearing from you and hopefully working with the commission. Let me know if you have any questions or require any additional information.

Sincerely, Daniel VanKeuren

Hey all,

At our organizational meeting in January of 2026, the town board is considering creating an events committee for Abbie Shoobs and anyone currently on the recreation commission that wants to continue the work they have been doing with community events and programming and appointing new members to the recreation commission that want to focus on park maintenance and facilities. If you would like to continue on the recreation commission with a new focus on park maintenance and facilities, and not on community events and programming, you do not need to do anything (but please do respond to the email to let me know you got the email and are choosing to stay on the recreation commission to focus on park maintenance and facilities).

If you would like to continue to do the great work the recreation commission has been doing (events in the park, newcomer events, etc), please email Marcie at [townclerk@townofnewlebanon.com](mailto:townclerk@townofnewlebanon.com) with your resignation from the recreation commission. The plan is then to fill the vacancies on the recreation commission from the number of letters of resignation we get AND create an events committee and appoint you to that new committee at our organizational meeting on 1/2/2026.

If the recreation commission has any events/meetings/etc in Nov and Dec, you can wait until the end of December to resign, but please let me know your intention, so that we can plan accordingly and know how many members will be on the new events committee and how many vacancies we will have to fill on the recreation commission with the new focus.

Feel free to reach out with any questions. Thank you!!!

Fyi. This was sent out to the recreation commission. In case you see resignation emails and are unsure what it's about. My apologies for not including you in the original email. It did cause some confusion for Marcie and I do apologize.
