I am unable to use the zoom link to log into the meeting that is being held tonight and am working..I am opposed to the Tilden Housing Project which started as just a few apartments for low income seniors in the area and has now turned into a ginormous 41 low income housing project that could be rented to anyone from anywhere and will give no priority to seniors or families in New Lebanon.. It is something entirely too large and does not fit into the town's rural landscape. It's obvious a few developers are trying to use government free funding to make a fortune and it will be at the town and taxpayers expense and will permanently affect not only the environment but safety of the town for the worse. I am 100% opposed to it. Thank you.
