Dear Planning Board Members,

I am writing to express my concern and ultimately opposition to the proposed Tilden Commons building in New Lebanon. My main concern is that the building will be too large for our small downtown and rural community. As a resident on route 20, I fear it would overwhelm the road, the neighboring library, the water and other resources we all share. I **do** support affordable housing for current and future residents and I hate that some people who wish to return to New Lebanon or make a home here have been unable to. I want to see the schools, parks and farm fields thriving alongside places for us all to gather, but it is my belief that this is not a real solution. In the future I hope to see housing on a scale that reflects what the majority of townspeople want and need.

I thank you for your careful consideration.

Sincerely,
Ellyn Gaydos
