Historian & LVHS (Amlaw)

Historian:
No report.

LVHS:
Time Capsule. Since Barbara Reed, wife of Harry Reed, the president of the LVHS in 1976, proposed that a time capsule be buried that year as part of the Bicentennial celebration and since that event was sponsored by the LVHS, I'll be saying a few words at the opening of the capsule this Saturday.

Veterans Day Event. On Veterans Day (November 11) at 4:00 at the Town Hall, the LVHS and the American Legion are dedicating a plaque honoring the patriots from New Lebanon who served in the American Revolution as our final event of this year's 250th celebration,. After the plaque is unveiled and the name of each soldier is read, Kevin Fuerst will speak briefly about the service of three of the men listed. We scheduled the event for later in the day in the hope that people who have to work on the holiday can attend.

LVHS Annual Meeting Potluck will be held on Monday, November 16th, tentatively at the Community Center starting at 5:30. After the brief business meeting, Mary Young will speak about the Godfroy family business that served New Lebanon for a century and show enlargements of some of the smaller photos currently in the LVHS Town Hall display case. All members of the community are invited to attend and share a meal and an evening with us. Prior to the Annual Meeting, at 4:00, a plaque in appreciation of John Trainor's many years of service to the LVHS will be installed among the blueberry bushes planted in his memory at Shatford Park. We are hoping for good weather and for members of the community beyond the LVHS to join us in John's honor.

Buildings, Parks & Recreation (Patterson)

Buildings:

Repairs continue on the highway garage as a result of last winter's fire. The outside of the community center was painted using ARPA funds that the town received.

Parks:

Painting of the pavilion roof is now complete.

Recreation Commission:

The Recreation Commission will be hosting workdays in Shatford Park every second Sunday of the month from 12-4. Reach out to the Recreation Commission if you would like to help. The Recreation Commission has created a new Facebook group: "Shatford Park- New Lebanon, NY" They will be using this to help keep everyone informed about what they are doing in the park.

We held our 3rd Annual Pumpkin Paint and Carve Party on October 17. We would like to thank the incredibly generous Eckhardt family for providing us with free pumpkins again this year. We would not be able to hold this event if it weren't for the wonderful

folks at Kinderhook Creek Farm in Stephentown. If you see Larry make sure to give him a big thank you!!

We'd also like to thank the LVCC for their generous donation of $100 to go towards snacks and party supplies for the upcoming Tree Lighting. Their thoughfulnes is very appreciated.

Construction of the fire walls to surround the solar batteries was completed this month.

Events Committee:
Community Events has no November Events. Our last event was the Newcomer's which was great. It was outdoors under a tent at Woodlife and we had a nice crowd turn up.

Seniors (Tipograph)

Office for the Aging has many programs and events going on for the holiday season. HEAP the fuel program opened on Nov 2nd and if you have not applied there is still time to do so. For events including trips for holiday shopping see the web site or the Senior Scoop which is now out filled with valuable information to keep seniors safe and independent.

Locally the group is meeting three more times this year. We will celebrate Thanksgiving with a potluck meal on November 20th with turkey and all the trimmings. In December we will have our annual holiday dinner, reservations are full, but you can be added to the waiting list by calling Donna Moshimer at 518-794-267-0618. We will be making sugar cookies for the children to decorate on 12/4, at the annual tree lighting program sponsored by the Community Center, as well as plenty of treats for parents and guests. Our last meeting will be on 12/20 with a cookie exchange and introduction of our recipe book.

Remember we only meet once in January and February for soup and fellowship on the third Friday of the month.

Traffic Safety (Patterson)

In addition to the written report below, please see graphs at the end of this document

Road work is winding up in the County and crews are preparing for the winter season. Rt 22 both north and south, is much easier to drive and makes our travel much easier. The Traffic trailer will remain out until the middle of Nov. at the request of the Sheriff's department. The deputies continue to travel Adams Crossing and make traffic stops with ticketing when appropriate.

Outreach & Marketing & Communications Committee (Tipograph)

The Outreach, Marketing & Communications Committee encourages everyone to attend the next Community Forum on Thursday, November 19. The forum will be streamed via

ZOOM and can be reachable at https://zoom.us/j/7513407016 or by phone at 646-558-8656 and entering meeting ID 751 340 7016#. Emailed questions may be sent in advance (by November 18) to newlebweb@gmail.com. Hope to see you at the Community Center on November 19. Doors open at 6:30. Conversation takes place 7:00-8:30pm.

Zoning Re-write Committee (Powers & Amlaw)

The committee concluded the current public input phase to the planning process. Committee members held eleven sessions comprising 16 distinct organizational groups and the general public. The next step will be to synthesize the information obtained in these sessions, in all likelihood using AI tools and integrating that with the input obtained via the community survey.

The Action Item in the 2021 Plan Update that relates to the current planning process calls for an "update of the Comprehensive Plan in the form of **an addendum**" (emphasis added). It is my vision that the committee's job is to translate the input obtained over the past months into a series of recommendations for validating or revising the goals, strategies and action planning contained in the current Plan. That is, a streamlined document that focuses on changes to the current Plan, as opposed to a fully formed, stand alone Plan. If your Honorable Board sees that differently, your guidance will be appreciated.

Please note that under the 2027 budget, the Town will not make multiple hardcopies of the Plan Update. It will be available online and copied on a request basis. All of the back-up to the Plan, such as the survey and community meeting notes, will also reside on the website in the form of Appendices.

Walkable Downtown Committee (Powers & Houghtling)

Additional Sidewalk Funding Awarded!

New Lebanon was selected for the second Transportation Alternatives Program (TAP) grant award we applied for! This will allow us to extend the project scope from the high school to Shatford Park as well as install concrete sidewalks instead of crusher run and still narrow the lanes and upgrade the drainage and lane infrastructure.

In the grant award it lists $969,920 as the local match with the providers of that local match being Town of New Lebanon and NYSDOT. The Town was clear in our grant application that the Town share could not exceed the $499,830 already committed by the Town, so we are working on confirming that the other $470,090 is coming from NYSDOT. The Town will only proceed with accepting the new TAP grant award when we have written confirmation from NYSDOT that they are providing the remainder of the local match and the Town share will not increase at all from the current town share already approved by the voters via the referendum.

For the $499,830 already committed by Town and approved by the voters, we currently have a $90,000 Bond Anticipation Note (BAN) that expires in March of 2027. In the tentative 2027 budget, we have legal fees budgeted to extend that BAN another year to get us through the engineering phase. In 2028 and once construction is ready to begin, the $90,000 BAN will roll into a bond for $499,830 at which time annual payments will be scheduled starting in 2029. We can handle these future payments within our normal operating budget, much like the past bond used to build the new wing of the Town Hall.
